Relinns !

Our team is on the path of finding religion in the workplace of today. To find our way, we have three tools at our disposal: cutting edge technological tools, a meticulously dedicated work ethic, and crisp bow-tie professionalism....

At Relinns, we breathe tech solutions and embrace innovation with open arms. With over 4 years of experience, we've had phenomenal growth which acts as a testimony to the knowledge we've come to gather over time.

What we believe in...

- Responsibility and Ownership
- Integrity
- Collaboration
- Innovation
- Taking Initiatives

"What is now proved was once only imaginable."

— William Blake

Whom we have worked with...

23

What our clients say about us...

We've been extremely impressed with the speed and quality of output. They are always responsive to feedback. Our project GrumpNow was covered in BBC news.

- **Ben Phillis, Founder, GrumpNow UK**

I wanted to take my laundry business online. Relinns did fabulous job in not only understanding our day to day business problems but also delivering the reliable and user friendly solutions.
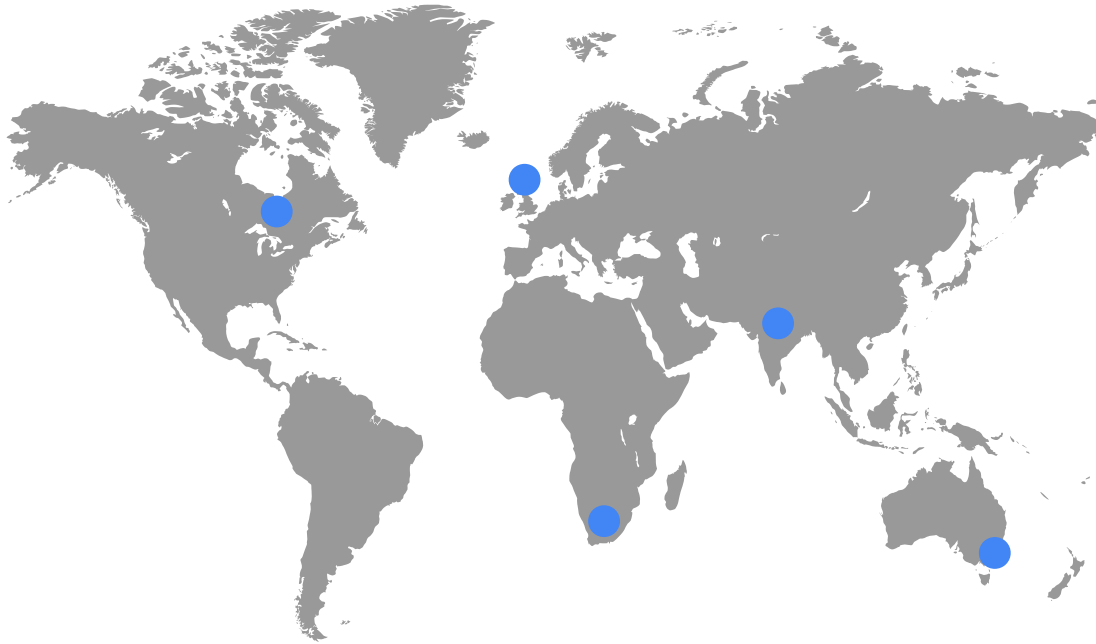

- **Craig Chan, Chairman, Atlas Laundry AUS**

I worked with 3 companies before Relinns. All 3, could not complete the project due to its complexity. Relinns not only completed the project but also add some magnificent features which we not even thought off.

- **Abedi Muange, CEO, Click Africa, Kenya**
